

## GLASS REPLACEMENT SPECIFICATIONS

Replacement glass *is not* shipped from the factory, in most cases, it can be purchased locally by the customer. The specifications and dimensions are listed below.

When you are identifying a glass replacement for a customer, you must have the serial number to verify the correct size.

**GLASS SPECIFICATIONS**-polished plate glass (not tempered) with swiped edges and dubbed corners. Glass to be clear and flat. Also free of gaseous inclusions, open or closed, stones, knots, crush, short finish or digs.
